4 th April	Break up for Easter
22 nd April	Return to school

This was the picture used in the No Outsiders collective worship this week. Ask your child to tell you about the story and which Protected Characteristic and/or Fundamental British Value it relates to.

EYFS & KS1 Dance

This week, our EYFS and Year 1&2 Children had the incredible opportunity to participate in the Outwood Dance Festival. Their performance of "We Will Rock You" was nothing short of spectacular!

The children showcased their talent and enthusiasm, captivating the audience with their energy and impressive dance moves. Their hard work and dedication truly shone through, making us all incredibly proud.

A huge congratulations to all the performers for their amazing job! We look forward to seeing more fantastic performances in the future.

We are looking forward to our next sporting event on the 1st April at Outwood, competing in multiskills?

Eat them to Defeat them

This campaign puts kids in control, it puts parents and children on the same side. At all times the kids get that this is a ruse to get them to eat vegetables, they never actually think vegetables are evil. [Families - Eat Them To Defeat Them](#)

PE Kits

When it is your child's PE day, please can you remember for them to be in Navy joggers, White Top and Navy hoodie or the school Jumper/Cardigan.

Those with long hair need to have their hair tied up or to bring a hair bobble.

School Trips including Swimming

While we are only permitted to request a voluntary contribution to cover the costs of these school trips, if we do not raise sufficient funds, there is a possibility that we may have to cancel the trip. Since the start of September we are £3000 loss on school trip.

Learning Together Morning of science

The upcoming Learning Together Morning is a special event designed to give you a glimpse into the fascinating world of science education at our school.

Why Attend?

- Understand the Curriculum: Gain a better understanding of what your child is learning in science.
- Support Your Child's Learning: Discover ways to support and encourage your child's interest in science at home.
- Build Connections: Strengthen the bond between home and school by engaging in your child's education and connecting with teachers and other parents.

We believe that involving parents in the learning process is crucial for children's success.

Your participation in Learning Together Morning will not only enhance your child's educational experience but also foster a love for science that can last a lifetime.

We look forward to seeing you there and sharing the joy of science learning with you and your child!

Religious Education and World Views

Adding World Views to the RE curriculum has been a big shift in recent years. Do you know what this means? This video provides a clear explanation - take a look: [Nobody Stands Nowhere](#)

This element significantly supports our intent for the RE and World Views curriculum in our school:

We want our RE curriculum to promote the diversity of world faiths. We want to provide our children with hands-on real-life experiences both inside and outside of school through educational visits, visitors, exploration of artefacts and discovery.

We want children to develop secure religious literacy, to allow them to hold informed and balanced conversations about different religions and beliefs.

We want children to be able to understand different world views through their understanding of how others express their beliefs and have an understanding of what this brings to different religious believers in the modern world.

We want children to have an understanding of their own world views.

If you'd like to know more, visit the website [Religion and Worldviews - Sharow CofE Primary School](#)

Cost of living support

There are support schemes and organisations in North Yorkshire which may be able to help or advise if you are worried about the cost of living, struggling to pay for essentials or looking for ways to make your money go further. [Cost of living support | North Yorkshire Council](#)

Out of School Achievements

George and Frankie both did brilliantly at the Ripon City Swimming Gala. Winning races and setting new club records; super swimming!

If your child has any out of school achievements, we would love to hear about them. Send pictures and information to admin@sharow.n-yorks.sch.uk
